

INFORMATION ABOUT JUDGES APPEARING ON YOUR BALLOT

Merit Selection of Judges

The office of judge is unique in our society. A judge is a public servant holding an office of high public trust and so should answer to the public. However, the obligation of a judge is to resolve disputes impartially and to base decisions solely upon the facts of the case and the law. A judge, therefore, should be insulated from public pressure.

Merit selection of judges was developed as an alternative to requiring judges to run in contested elections. The Judicial Article of the Utah Constitution, revised effective July 1, 1985, establishes merit selection as the exclusive method of choosing a state court judge. As stated in the Utah Constitution: *"Selection of judges shall be based solely upon consideration of fitness for office without regard to any partisan political consideration."*

There are four steps in the Utah merit selection plan: nomination, appointment, confirmation and retention election. The nomination of judges is by a committee of lawyers and non-lawyers selected by the Governor. The judicial nominating commission nominates between three and seven of the best qualified candidates from among all applicants. The Governor appoints one of the nominees, who then must be confirmed by a majority of the Utah State Senate.

Judicial Retention Elections

Under the Utah Constitution, judges must stand for retention election at the end of each term of office. The public has the opportunity to vote whether to retain the judge for another term. Before a judge stands for retention election, he or she is evaluated by the Judicial Council. The Judicial Council is established by the Utah Constitution as the policy making body for the judicial branch of government and is required by its own rules and by statute to evaluate the performance of all judges. As a result of the evaluation, the Judicial Council certifies whether the judge is qualified for retention election. The results of individual evaluations are published in the voter information pamphlet.

Performance Evaluation Program

The judicial performance evaluation program is required by statute and developed by rule of the Judicial Council. The purpose of the program is two-fold:

- ◇ To provide each judge with information for his or her self improvement; and
- ◇ To provide the public with information upon which to make knowledgeable decisions regarding retention election.

The evaluation of each judge's performance is conducted every two to four years depending on when the judge is standing for retention election. An independent surveyor conducts a poll of lawyers appearing before each judge and asks the lawyer to anonymously evaluate the judge based on several criteria. In addition, a similar survey of jurors is conducted for district court judges and other judges sitting temporarily in the district court. Prior to the close of a judge's term of office, the Judicial Council reviews the results of the attorney and juror polls and other standards of performance and determines whether the judge is qualified for retention.

Criteria for Performance Evaluation

(A) Integrity:

- (1) avoidance of impropriety and appearance of impropriety;
- (2) freedom from personal bias;
- (3) ability to decide issues based on the law and the facts without regard to the identity of the parties or counsel, the popularity of the decision, and without concern for criticism;
- (4) impartiality of actions;

(5) compliance with the Code of Judicial Conduct.

(B) Knowledge and understanding of the law:

- (1) the issuance of legally sound decisions;
- (2) understanding of the substantive, procedural, and evidentiary law of the state;
- (3) attentiveness to the factual and legal issues before the court;
- (4) the proper application of judicial precedents and other appropriate sources of authority.

(C) Ability to communicate:

- (1) clarity of bench rulings and other oral communications;
- (2) quality of written opinions with specific focus on clarity and logic, and the ability to explain clearly the facts of a case and the legal precedents at issue;
- (3) sensitivity to impact of demeanor and other nonverbal communications.

(D) Preparation, attentiveness, dignity and control over proceedings:

- (1) courtesy to all parties and participants; and
- (2) willingness to permit every person legally interested in a proceeding to be heard, unless precluded by law.

(E) Skills as a manager:

- (1) devoting appropriate time to all pending matters;
- (2) discharging administrative responsibilities diligently;
- (3) where responsibility exists for a calendar, knowledge of the number, age, and status of pending cases.

(F) Punctuality:

- (1) the prompt disposition of pending matters;
- (2) meeting commitments on time and according to rules of the court; and
- (3) compliance with the case processing time standard established by the Council.

(G) Service to the profession and the public:

- (1) attendance at and participation in judicial and continuing legal education programs;
- (2) consistent with the Code of Judicial Conduct, participation in organizations devoted to improving the justice system;
- (3) consistent with the highest principles of the law, ensuring that the court is serving the public and the justice system to the best of its ability and in such a manner as to instill confidence in the court system; and
- (4) service within the organizations of the judicial branch of government and in leadership positions within the judicial branch of government, such as presiding judge, Judicial Council, Boards of Judges, and standing and ad hoc committees.

(H) Effectiveness in working with other judges, commissioners and court personnel:

- (1) when part of a multi-judge panel, exchanging ideas and opinions with other judges during the decision-making process;
- (2) critiquing the work of colleagues;
- (3) facilitating the administrative responsibilities of other judges and commissioners; and
- (4) effectively working with court staff.

Minimum Standards for Performance

The Judicial Council has established the following minimum standards for judicial performance. Some standards apply to all judges and some standards apply to judges of a specific court.

- ◇ A minimum score of 70% on at least 75% of the questions on the attorney survey.
- ◇ A minimum score of 70% on at least 75% of the questions on the juror survey.

- ◇ For justices of the Supreme Court, circulating no more than six principal opinions more than 6 months after submission.
- ◇ For judges of the Court of Appeals, circulating no more than six principal opinions more than 6 months after submission and achieving a final average time to circulation of a principal opinion of not more than 120 days after submission.
- ◇ For judges of the trial courts, no cases under advisement for more than 6 months and no more than 6 cases under advisement for more than 2 months.
- ◇ At least 30 hours of judicial education per year.
- ◇ Substantial compliance with the Code of Judicial Conduct.
- ◇ Physical and mental fitness for office.

If the Council finds the judge met the performance standards, it is presumed the Council will certify the judge for election. If the Council finds the judge did not meet the performance standards, it is presumed the Council will not certify the judge for election. A presumption against certification may be overcome by a showing of good cause to the contrary. A presumption in favor of certification may be overcome by:

- (a) reliable information showing non-compliance with a performance standard; or
- (b) formal or informal sanctions by the Supreme Court of sufficient gravity or number or both to demonstrate lack of substantial compliance with the Code of Judicial Conduct.

Attorney Survey Questions

A random sample of attorneys appearing before each judge was asked to rate the judge as “excellent,” “more than adequate,” “adequate,” “less than adequate,” and “inadequate” on the following questions. A favorable response is “excellent,” “more than adequate,” or “adequate.” To be certified the judge must receive a 70% favorable response rate to at least 75% of the following questions and an overall favorable response rate of at least 70%.
